What is the Enneagram?

"Most of the shadows of this life are caused by standing in one's own sunshine."

There are nine Enneagram styles, each representing a world view and archetype. Personality profiling tools commonly focus on behaviour, but the Enneagram focuses on why people behave the way they do. With guidance from Ecclesia Leadership, the Enneagram tool uncovers behavioural patterns, motivations and values. The process promotes self-awareness and personal growth, enabling churches to build on strengths and balance weaknesses within leadership teams.
